We Love to Hear from You!

We love to hear from **PUP** adopters! Here are our February Happy Tail and Gotcha Day articles to brighten your day.

Happy Gotcha Day, Winston!

We adopted Winston from you in January 2018 and wanted to send an update now that we are passing his 3 year gotcha birthday.

Winston is our best little friend and the most spoiled member of the family. Since we have adopted him he has been by my side constantly and we have traveled with him all over the place. He has been to Las Vegas, Honolulu, and Cleveland. My husband jokes that Winston has more frequent flier miles than some people!

Everywhere Winston goes he is a little charmer. He is so good, that after meeting him, several people in my husband's family have decided to get dogs themselves.

At home he is a major cuddler and always wants to be next to you under some blankets. If he can be next to you he is happy even if there are fireworks going off. We are so happy and thankful to have him in our lives thanks to **PUP**.

I have included a few pictures of him as well. Thank you for all you do to save pets.
- Valerie

Harley's (formerly Spyce) Gotcha Month!

Harley at Snoqualmie Falls trail. He just had his first spa day and deserved a hike. His Gotcha month is February. He is such a sweet funny guy who has been my constant companion during this pandemic. I love him so much. Thank you **PUP** for taking care of him until I found him looking lovingly up at the camera at his foster.

Shailah's Happy Tail!

Shailah (formerly Shae, adopted June 2014) had a moment of fame on King5 Evening this week. When I went looking for a dog all those years ago, I wanted a dog that had the potential of being a certified therapy dog. Shailah has more than filled her role. She passed her certification after 4 training sessions and we have been involved in a reading program for 2nd graders that are struggling with reading ever since.

The program is Read to Rover. She loves the kids and the treats they bring. She has been instrumental in teaching fearful children that dogs can be fun and safe to be around. The most common description of her from the kids is 'adorable'. I thought you might enjoy seeing her active in her work: ["Read to Rover" dogs get](#)

I am so grateful to you for bringing this smart, adorable little soul into my life. Not only has she brought profound joy to me, she shares that with many children. She has made a profound difference in their lives.

I send my best wishes for this coming year.

In gratitude,
- Shelly W
